

Team Building Ceramics Workshop

Break out of the mold with a fun, relaxing event

Let Skyline Ceramics come to you with all the materials and tools to make and paint a project out of real clay. After a short demo your team will get their own piece of clay to sculpt into one of our projects. Then they'll paint it with underglaze and we'll whisk them away, cleaning up all the mess. We will fire the pieces in our studio and they will be ready to take home in about two weeks. All the materials are non-toxic and the finished pieces are food safe!

Choose from these project options:

Option 1: Leaf or lace-textured bowl or plate	1 hour	\$25 pp
Option 2: Pinch and coil mug or pitcher	1.5 hour	\$35 pp
Option 3: Both projects	2.5 hour	\$60 pp
Add a group project: Group platter	+30 mins	\$150

Contact Skyline Ceramics to schedule a workshop or for more information:
